Workplaces	Buy full PDF		

Years and costs

Year (construction start)	1995	Year (construction end)	1998
----------------------------------	------	--------------------------------	------

Features & Amenities

- One of the city's famous buildings

Facts

- Bei der räumlichen Gestaltung fügen sich ursprüngliche Materialien zu einem Ganzen zusammen. Stahlsäulen, dick wie Pipelines, sind bewußt sichtbar gelassen.
- Zwei Torsäulen mit 16 Geschossen tragen drei Attikageschosse die ein 75 Meter hohes Tor bilden.
- Die von den Torsäulen und Attikageschossen gebildete Halle ist verglast und mit einer Höhe von 56 Metern die höchste Europas.
- Die Fassade des Düsseldorfer Stadttors besteht aus einer äußeren Ganzglashaut und einer inneren Fassade aus Buchenholzelementen. Die Äußere Fassade folgt dem klaren Prinzip des "Structural Glazing".
- Bei warmen Außentemperaturen versorgen Kühldecken die Arbeitsplätze -ohne störende Zugerscheinungen - mit kühler Luft.

Tokyo 04:00 pm - 02:00 am

- Zehn Hochgeschwindigkeitsaufzüge mit einer Kapazität von jeweils 17 Personen und drei Rolltreppen der Firma OTIS gewährleisten auch während der Stoßzeiten schnelles be- und entladen des Gebäudes.
- Nachts können damit die Lichter zentral ausgeschaltet werden. Zusätzlich können Lichtschalter und Leuchten flexibel programmiert werden.

Get Emporis Research today and benefit from our worldwide database now!

Analyze buildings, construction markets, regions and competitors

- 450,000 buildings from a wide range of categories such as residential, office, retail, hospitality and many more
- Choose from a broad range of regional data packages – or create your own
- Powerful and fast search for in-depth analysis
- Detailed search queries in over 50 data fields, e.g. filter by location, size, status, building usage and construction types
- Generate customized lists of construction projects and involved companies

Generate leads and explore new business opportunities

- Get contact information for over 160,000 companies
- Search for companies related to specific construction projects or generate lists according to particular fields of activity
- Find new clients and business partners or connect with key players in new markets
- Forecast trends and future market growth
- Spend less time researching, and more time doing business

Keep up to date and ahead of your competitors

- Get constantly-reviewed data from around the globe
- 24/7 access to the database from anywhere in the world
- View detailed information about existing buildings as well as those planned and under construction
- Save your searches for easy future reference
- Receive email notifications about new content fitting your criteria

Download data and put it to work

- Export information easily to CSV/Excel files
- Individually select data fields for your specific needs
- Integrate the data into your own internal system
- Provide your staff with actionable data
- Benefit from limitless downloads within your chosen package
