Years and costs

Year (construction start)	1998	Year (construction end)	2001
----------------------------------	------	--------------------------------	------

Features & Amenities

- Illuminated logo on the facade

Facts

- The elevators travel at a speed of 8.3 m/s.
- 25 Canada Square, along with the neighbouring 33 Canada Square, make up the Citigroup Centre - a 170,000sq m (1.8m sq ft) office complex occupied by the group of companies.
- The building has entrances on Upper Bank Street and Canada Square, with underground floors linking in to both the Canada Place shopping mall and the Canary Wharf underground station.
- 25 Canada Square was built in tandem with 8 Canada Square. Both buildings are exactly the same height and simultaneously became the second tallest buildings in the United Kingdom upon reaching full height.
- The two buildings in the Citigroup Centre are affectionately known as Oliver 1 and Oliver 2 by Canary Wharf employees. After the bank had leased 33 Canada Square, it returned to Canary Wharf and asked "can we have some more please?". 25 Canada Square was the result.

Get Emporis Research today and benefit from our worldwide database now!

Analyze buildings, construction markets, regions and competitors

- 450,000 buildings from a wide range of categories such as residential, office, retail, hospitality and many more
- Choose from a broad range of regional data packages – or create your own
- Powerful and fast search for in-depth analysis
- Detailed search queries in over 50 data fields, e.g. filter by location, size, status, building usage and construction types
- Generate customized lists of construction projects and involved companies

Generate leads and explore new business opportunities

- Get contact information for over 160,000 companies
- Search for companies related to specific construction projects or generate lists according to particular fields of activity
- Find new clients and business partners or connect with key players in new markets
- Forecast trends and future market growth
- Spend less time researching, and more time doing business

Keep up to date and ahead of your competitors

- Get constantly-reviewed data from around the globe
- 24/7 access to the database from anywhere in the world
- View detailed information about existing buildings as well as those planned and under construction
- Save your searches for easy future reference
- Receive email notifications about new content fitting your criteria

Download data and put it to work

- Export information easily to CSV/Excel files
- Individually select data fields for your specific needs
- Integrate the data into your own internal system
- Provide your staff with actionable data
- Benefit from limitless downloads within your chosen package
