Length	193.41 ft	Gross Floor Area (GFA)	Contact us

Years and costs

Year (construction start)	1979	Building costs	\$ 230,000,000
Year (construction end)	1983		

Features & Amenities

- One of the city's famous buildings
- Observation floor is available
- Ornamental illumination is installed
- Pedway access is available
- Skylobby is present

Facts

- The building's footprint forms an abstracted version of the shape of a dollar sign.
- The design partner for Wells Fargo Plaza was Richard Keating.
- KRIV-TV maintains a skycam which is stationed on the small antenna atop the building.
- This is the tallest all-glass building in the Western Hemisphere.
- In 1983, Hurricane Alicia threw this all-glass skyscraper a somewhat ironic twist of fate, as the building suffered minimal facade damage in comparison to neighboring skyscrapers.
- Double-level skylobbies at floors 34/35 and 58/59 offer public views during business hours.

Get Emporis Research today and benefit from our worldwide database now!

Analyze buildings, construction markets, regions and competitors

- 450,000 buildings from a wide range of categories such as residential, office, retail, hospitality and many more
- Choose from a broad range of regional data packages – or create your own
- Powerful and fast search for in-depth analysis
- Detailed search queries in over 50 data fields, e.g. filter by location, size, status, building usage and construction types
- Generate customized lists of construction projects and involved companies

Generate leads and explore new business opportunities

- Get contact information for over 160,000 companies
- Search for companies related to specific construction projects or generate lists according to particular fields of activity
- Find new clients and business partners or connect with key players in new markets
- Forecast trends and future market growth
- Spend less time researching, and more time doing business

Keep up to date and ahead of your competitors

- Get constantly-reviewed data from around the globe
- 24/7 access to the database from anywhere in the world
- View detailed information about existing buildings as well as those planned and under construction
- Save your searches for easy future reference
- Receive email notifications about new content fitting your criteria

Download data and put it to work

- Export information easily to CSV/Excel files
- Individually select data fields for your specific needs
- Integrate the data into your own internal system
- Provide your staff with actionable data
- Benefit from limitless downloads within your chosen package
