---------------------------	-----------	----------------------------	----

Years and costs

Year (construction end)	1970
--------------------------------	------

Facts

- The Sansom Place complex within the University of Pennsylvania includes four dormitories and a parking garage.
- The building consists of two tower wings, connected by a central elevator core.
- Every floor of each wing is connected to the central mechanical core by airy, glass corridors.
- The 23-story south wing runs east to west along Sansom Street, from South 36th Street to the middle of the block.
- The 17-story north wing runs east to west along Chestnut Street, from South 36th Street to the middle of the block.
- The southeast corner is home to the Institute of Contemporary Art (ICA), also part of the University of Pennsylvania. It has a separate entrance at 118 South 36th Street.

Get Emporis Research today and benefit from our worldwide database now!

Analyze buildings, construction markets, regions and competitors

- 450,000 buildings from a wide range of categories such as residential, office, retail, hospitality and many more
- Choose from a broad range of regional data packages – or create your own
- Powerful and fast search for in-depth analysis
- Detailed search queries in over 50 data fields, e.g. filter by location, size, status, building usage and construction types
- Generate customized lists of construction projects and involved companies

Generate leads and explore new business opportunities

- Get contact information for over 160,000 companies
- Search for companies related to specific construction projects or generate lists according to particular fields of activity
- Find new clients and business partners or connect with key players in new markets
- Forecast trends and future market growth
- Spend less time researching, and more time doing business

Keep up to date and ahead of your competitors

- Get constantly-reviewed data from around the globe
- 24/7 access to the database from anywhere in the world
- View detailed information about existing buildings as well as those planned and under construction
- Save your searches for easy future reference
- Receive email notifications about new content fitting your criteria

Download data and put it to work

- Export information easily to CSV/Excel files
- Individually select data fields for your specific needs
- Integrate the data into your own internal system
- Provide your staff with actionable data
- Benefit from limitless downloads within your chosen package
