Years and costs

Year (construction start)	1962	Building costs	\$ 19,350,000
Year (construction end)	1963		

Facts

- Each floor is 15,000 square feet in area.
- When completed, this was the tallest all-welded steel frame in the world.
- This building has a strong presence in the Civic Center area. The architect varied the stern Miesian International Style formula with the use of white marble, precast concrete panels, and lacy vertical grillwork.
- The recessed glass lobby rises to a height of 25 feet, and creates a small plaza around the base which includes public art.
- Floors 27 and 28 are entirely mechanical, and the building is topped with a prominent mechanical penthouse that includes 4 more floors that also serves as an architectural rooftop element which can be lit different colors by night.

Get Emporis Research today and benefit from our worldwide database now!

Analyze buildings, construction markets, regions and competitors

- 450,000 buildings from a wide range of categories such as residential, office, retail, hospitality and many more
- Choose from a broad range of regional data packages – or create your own
- Powerful and fast search for in-depth analysis
- Detailed search queries in over 50 data fields, e.g. filter by location, size, status, building usage and construction types
- Generate customized lists of construction projects and involved companies

Generate leads and explore new business opportunities

- Get contact information for over 160,000 companies
- Search for companies related to specific construction projects or generate lists according to particular fields of activity
- Find new clients and business partners or connect with key players in new markets
- Forecast trends and future market growth
- Spend less time researching, and more time doing business

Keep up to date and ahead of your competitors

- Get constantly-reviewed data from around the globe
- 24/7 access to the database from anywhere in the world
- View detailed information about existing buildings as well as those planned and under construction
- Save your searches for easy future reference
- Receive email notifications about new content fitting your criteria

Download data and put it to work

- Export information easily to CSV/Excel files
- Individually select data fields for your specific needs
- Integrate the data into your own internal system
- Provide your staff with actionable data
- Benefit from limitless downloads within your chosen package
