Height (tip)	495.01 ft	Parking places	200
Height (roof)	495.01 ft	Elevators	6

Years and costs

Year (construction end)	1913
--------------------------------	------

Features & Amenities

- One of the city's famous buildings

Facts

- When completed this was the 5th-tallest building in the world, only behind buildings in New York.
- Originally colored brown; was painted white circa the 1940s.
- Tallest building in Cincinnati from 1913 to 1931; surpassed by the Carew Tower.
- The building appears on the skyline mural over the staircase at the Hilton Cincinnati Netherland Plaza, one block north.
- Connected by two skyways at the 1st and 5th floors over Ogden Place to the PNC Building located just to the south.
- It was originally built as the headquarters of the Union Central Life Insurance Company, which was founded in Cincinnati in 1867.
- The firm left the tower in 1964, relocating to a new corporate complex in the northern suburb of Forest Park.
- The Mitchell Building, one of Cincinnati's earliest high-rise buildings, and H.H. Richardson's Chamber of Commerce Building formerly stood on this site.

Get Emporis Research today and benefit from our worldwide database now!

Analyze buildings, construction markets, regions and competitors

- 450,000 buildings from a wide range of categories such as residential, office, retail, hospitality and many more
- Choose from a broad range of regional data packages – or create your own
- Powerful and fast search for in-depth analysis
- Detailed search queries in over 50 data fields, e.g. filter by location, size, status, building usage and construction types
- Generate customized lists of construction projects and involved companies

Generate leads and explore new business opportunities

- Get contact information for over 160,000 companies
- Search for companies related to specific construction projects or generate lists according to particular fields of activity
- Find new clients and business partners or connect with key players in new markets
- Forecast trends and future market growth
- Spend less time researching, and more time doing business

Keep up to date and ahead of your competitors

- Get constantly-reviewed data from around the globe
- 24/7 access to the database from anywhere in the world
- View detailed information about existing buildings as well as those planned and under construction
- Save your searches for easy future reference
- Receive email notifications about new content fitting your criteria

Download data and put it to work

- Export information easily to CSV/Excel files
- Individually select data fields for your specific needs
- Integrate the data into your own internal system
- Provide your staff with actionable data
- Benefit from limitless downloads within your chosen package
