<b>Height (tip)</b>	179.32 ft	<b>Floors (overground)</b>	12
<b>Height (roof)</b>	179.32 ft	<b>Gross Floor Area (GFA)</b>	<a href="#">Contact us</a>

### Years and costs

<b>Year (construction start)</b>	1951	<b>Year (construction end)</b>	1954
----------------------------------	------	--------------------------------	------

### Features & Amenities

- Pedway access is available
- Skybridge link to next building

### Facts

- The height comes from the original blueprints and refers to the eastside elevation above the Delaware Street entrance. The westside entrance from Church Street is one level lower.
- This is the tallest building completed in Minneapolis during the 1950s.
- Planned before World War II, the building's construction was delayed for many years. One iteration included a tower at the same site rising 22 floors and 268 feet.
- The building is connected by skyway and tunnel to the Phillips-Wangenstein Building, directly to the east. Additional tunnels connect to Nils Hasselmo Hall and Coffman Memorial Union.

### Involved companies

*Architect*.....

**Clarence H. Johnston, Jr.**

St. Paul  
U.S.A.

*Master Plan Architect*.....

**Cass Gilbert**

New York City  
U.S.A.

# Get Emporis Research today and benefit from our worldwide database now!

## Analyze buildings, construction markets, regions and competitors

- 450,000 buildings from a wide range of categories such as residential, office, retail, hospitality and many more
- Choose from a broad range of regional data packages – or create your own
- Powerful and fast search for in-depth analysis
- Detailed search queries in over 50 data fields, e.g. filter by location, size, status, building usage and construction types
- Generate customized lists of construction projects and involved companies

## Generate leads and explore new business opportunities

- Get contact information for over 160,000 companies
- Search for companies related to specific construction projects or generate lists according to particular fields of activity
- Find new clients and business partners or connect with key players in new markets
- Forecast trends and future market growth
- Spend less time researching, and more time doing business

## Keep up to date and ahead of your competitors

- Get constantly-reviewed data from around the globe
- 24/7 access to the database from anywhere in the world
- View detailed information about existing buildings as well as those planned and under construction
- Save your searches for easy future reference
- Receive email notifications about new content fitting your criteria

## Download data and put it to work

- Export information easily to CSV/Excel files
- Individually select data fields for your specific needs
- Integrate the data into your own internal system
- Provide your staff with actionable data
- Benefit from limitless downloads within your chosen package
