## Facts

- Similar in height and appearance to the nearby The Milton, the Battle Creek Tower is another outstanding example of the art deco/setback style of skyscraper design, distinguished by its simplification of ornament and surfaces.
- The footprint for the first four floors is 206 by 66 feet, narrowing to 51 by 66 feet for the main tower section.
- Floors one through seven contain office space while the uppermost 14 floors contain apartments.
- To the 19th floor roof the building is 214 feet tall, and 192 feet tall to the lowest roof above the 17th floor.
- The basement level of the tower contains a small parking area.

# Get Emporis Research today and benefit from our worldwide database now!

## Analyze buildings, construction markets, regions and competitors

- 450,000 buildings from a wide range of categories such as residential, office, retail, hospitality and many more
- Choose from a broad range of regional data packages – or create your own
- Powerful and fast search for in-depth analysis
- Detailed search queries in over 50 data fields, e.g. filter by location, size, status, building usage and construction types
- Generate customized lists of construction projects and involved companies

## Generate leads and explore new business opportunities

- Get contact information for over 160,000 companies
- Search for companies related to specific construction projects or generate lists according to particular fields of activity
- Find new clients and business partners or connect with key players in new markets
- Forecast trends and future market growth
- Spend less time researching, and more time doing business

## Keep up to date and ahead of your competitors

- Get constantly-reviewed data from around the globe
- 24/7 access to the database from anywhere in the world
- View detailed information about existing buildings as well as those planned and under construction
- Save your searches for easy future reference
- Receive email notifications about new content fitting your criteria

## Download data and put it to work

- Export information easily to CSV/Excel files
- Individually select data fields for your specific needs
- Integrate the data into your own internal system
- Provide your staff with actionable data
- Benefit from limitless downloads within your chosen package
