## Facts

- The tower is built directly across the street from Beit Amot Mishpat / HaMerkaz HaChaklaie.
- Built atop an existing low-rise building.
- Originally planned as a 36-storey tower, however, due to the September 11th events came the decision to divide it into two 22 and 20-storey towers.
- The east and south glass facades are protected by built-in aluminium sunshades, a very uncommon feature for an office building of these days.
