(for municipality purpose), Cylinder Office Tower (for office purpose) and City Hall Square Residential Block (for residential purpose).

- A conference hall is on the 20th floor.
- The building will have about half of a size currently used in various owned buildings of Vilnius municipality. So, maintenance will be lower and costs needed for renovation of old municipality buildings will be saved.
- The mayor of Vilnius's cabinet operates from the 19th floor.
- The exterior used 10.500 m² of glass.
- In each typical building floor works from 30 to 35 municipality workers.
- Building originally was designed 27 floors, but in response to functionality was lowered to 20.
- This was the first high-rise building built in Vilnius New City Centre after the end of the Soviet Union which promoted development.
- Building has 5 elevators which can carry up to 37 persons at once.

Get Emporis Research today and benefit from our worldwide database now!

Analyze buildings, construction markets, regions and competitors

- 450,000 buildings from a wide range of categories such as residential, office, retail, hospitality and many more
- Choose from a broad range of regional data packages – or create your own
- Powerful and fast search for in-depth analysis
- Detailed search queries in over 50 data fields, e.g. filter by location, size, status, building usage and construction types
- Generate customized lists of construction projects and involved companies

Generate leads and explore new business opportunities

- Get contact information for over 160,000 companies
- Search for companies related to specific construction projects or generate lists according to particular fields of activity
- Find new clients and business partners or connect with key players in new markets
- Forecast trends and future market growth
- Spend less time researching, and more time doing business

Keep up to date and ahead of your competitors

- Get constantly-reviewed data from around the globe
- 24/7 access to the database from anywhere in the world
- View detailed information about existing buildings as well as those planned and under construction
- Save your searches for easy future reference
- Receive email notifications about new content fitting your criteria

Download data and put it to work

- Export information easily to CSV/Excel files
- Individually select data fields for your specific needs
- Integrate the data into your own internal system
- Provide your staff with actionable data
- Benefit from limitless downloads within your chosen package
