Height (tip)	541.34 ft	Floors (underground)	3
Height (roof)	469.16 ft	Floors (overground)	38
Length	232.94 ft	Gross Floor Area (GFA)	Buy full PDF

Years and costs

Year (construction start)	2004	Year (construction end)	2006
----------------------------------	------	--------------------------------	------

Facts

- There will actually only be 35 stories of rentable space.
- 38,000 m³ of concrete and 3,800 tonnes of steel were used to construct this building.
- A plan to include 12 residential units in the pavilion facing North Quay was rejected because council believed the area was too noisy.
- Twin 45 storey residential towers were originally proposed by Devine Ltd on the site, but the council did not give it approval.
- The building will be raised 6 stories above ground on stilts, creating a large public plaza.
- Brisbane City Council will occupy 20 floors in the tower.

Get Emporis Research today and benefit from our worldwide database now!

Analyze buildings, construction markets, regions and competitors

- 450,000 buildings from a wide range of categories such as residential, office, retail, hospitality and many more
- Choose from a broad range of regional data packages – or create your own
- Powerful and fast search for in-depth analysis
- Detailed search queries in over 50 data fields, e.g. filter by location, size, status, building usage and construction types
- Generate customized lists of construction projects and involved companies

Generate leads and explore new business opportunities

- Get contact information for over 160,000 companies
- Search for companies related to specific construction projects or generate lists according to particular fields of activity
- Find new clients and business partners or connect with key players in new markets
- Forecast trends and future market growth
- Spend less time researching, and more time doing business

Keep up to date and ahead of your competitors

- Get constantly-reviewed data from around the globe
- 24/7 access to the database from anywhere in the world
- View detailed information about existing buildings as well as those planned and under construction
- Save your searches for easy future reference
- Receive email notifications about new content fitting your criteria

Download data and put it to work

- Export information easily to CSV/Excel files
- Individually select data fields for your specific needs
- Integrate the data into your own internal system
- Provide your staff with actionable data
- Benefit from limitless downloads within your chosen package
