Facts

- Construction began in the early 1960s but was never completed due to an engineering error.
- The multi-storey frame haunted the Ampelokipi skyline for years, before it was demolished on May 21, 1995.
- The structure was replaced by the 8-storey Errikos Dunant Red Cross Hospital and the 11-storey Politia Business Center. The new developments were built lower than the demolished building, in keeping with the more recent building code.
