Height (roof)	341 ft	Floors (overground)	33
Height (main roof)	336 ft		

Years and costs

Year (construction start)	2004	Year (construction end)	2007
----------------------------------	------	--------------------------------	------

Facts

- High Point I and II will be the tallest buildings in southwest Florida, and the tallest south of Tampa/St. Petersburg and west of Miami, surpassing The Enclave of Naples.
- The luxury high-rise tower is more than twice the height of the neighboring Sunset Royale and Sunset Vista of the Sunset of Fort Myers complex.
- The building contains an underground parking level.

Get Emporis Research today and benefit from our worldwide database now!

Analyze buildings, construction markets, regions and competitors

- 450,000 buildings from a wide range of categories such as residential, office, retail, hospitality and many more
- Choose from a broad range of regional data packages – or create your own
- Powerful and fast search for in-depth analysis
- Detailed search queries in over 50 data fields, e.g. filter by location, size, status, building usage and construction types
- Generate customized lists of construction projects and involved companies

Generate leads and explore new business opportunities

- Get contact information for over 160,000 companies
- Search for companies related to specific construction projects or generate lists according to particular fields of activity
- Find new clients and business partners or connect with key players in new markets
- Forecast trends and future market growth
- Spend less time researching, and more time doing business

Keep up to date and ahead of your competitors

- Get constantly-reviewed data from around the globe
- 24/7 access to the database from anywhere in the world
- View detailed information about existing buildings as well as those planned and under construction
- Save your searches for easy future reference
- Receive email notifications about new content fitting your criteria

Download data and put it to work

- Export information easily to CSV/Excel files
- Individually select data fields for your specific needs
- Integrate the data into your own internal system
- Provide your staff with actionable data
- Benefit from limitless downloads within your chosen package
