Years and costs

Year (construction start)	2004	Year (construction end)	2005
----------------------------------	------	--------------------------------	------

Features & Amenities

- Balconies are available
- Observation deck on roof

Facts

- The building includes a small 9th floor with a fitness room and event space, opening to a rooftop terrace.
- It rises just north of the Interstate 94 West access ramps into Downtown Minneapolis.
- The building's facade features exposed concrete, floor-to-ceiling glass, and zinc panels.
- There is a modest entrance along 6th Avenue North, and a small one-story lobby projecting into the landscaped garden to the building's southeast.
- The underground garage is reached via 5th Avenue North. It features an asymmetrical roof, also clad in zinc.
- The southeast facade is totally glass, with recessed balconies, and faces the downtown Minneapolis skyline.
- The northeast end leans toward the Bookmen Lofts, and features punched window openings in the zinc facade.
- The final phase will include a one-story restaurant along 5th Avenue North.
- The diagonal structural concrete trusses are visible from outside through the glazing on the southwest end of the building.
- It takes its name from the neighboring Bookmen Lofts, a loft renovation of the 5-story Bookmen Printing Building.

Get Emporis Research today and benefit from our worldwide database now!

Analyze buildings, construction markets, regions and competitors

- 450,000 buildings from a wide range of categories such as residential, office, retail, hospitality and many more
- Choose from a broad range of regional data packages – or create your own
- Powerful and fast search for in-depth analysis
- Detailed search queries in over 50 data fields, e.g. filter by location, size, status, building usage and construction types
- Generate customized lists of construction projects and involved companies

Generate leads and explore new business opportunities

- Get contact information for over 160,000 companies
- Search for companies related to specific construction projects or generate lists according to particular fields of activity
- Find new clients and business partners or connect with key players in new markets
- Forecast trends and future market growth
- Spend less time researching, and more time doing business

Keep up to date and ahead of your competitors

- Get constantly-reviewed data from around the globe
- 24/7 access to the database from anywhere in the world
- View detailed information about existing buildings as well as those planned and under construction
- Save your searches for easy future reference
- Receive email notifications about new content fitting your criteria

Download data and put it to work

- Export information easily to CSV/Excel files
- Individually select data fields for your specific needs
- Integrate the data into your own internal system
- Provide your staff with actionable data
- Benefit from limitless downloads within your chosen package
