Facts

- This is the tallest building in Wheeling, and the village's first high-rise building.
- The Westin is located directly across Lake-Cook Road from the Riverwalk Office Plaza in Buffalo Grove.
- The ceremonial groundbreaking took place on March 18, 2005, but foundation work did not begin until July 1st the same year.
- The original design called for a 225-foot 18-story building that featured a very prominent overhanging cornice. The building is located near a large private airport, so the height was reduced slightly to meet Federal Aviation Administration guidelines.
