Height (main roof)	145.16 ft	Parking places	430
Height (floor-ceiling)	8.67 ft	Elevators	10
Height (floor-floor)	12.67 ft	Gross Floor Area (GFA)	Contact us
Length	285.13 ft		

Years and costs

Year (construction start)	2007	Building costs	\$ 179,000,000
Year (construction end)	2009		

Facts

- Regions announced the addition of one more floor, taking the tower to 11 floors overground in February 2008, more than a year after the start of construction. The 11th floor had been planned as an add-alternate, pending approval by the Board in January 2008, with the building's structure and mechanical systems designed to accommodate it.
- The opening of the tower was staged over several months in 2009, with a grand reopening celebration on June 26th, reprocessing opening on July 13th, the new emergency center and underground parking on July 15th, new operating rooms on the third floor surgery center on September 21st, and upper-floor patient rooms in October.

Get Emporis Research today and benefit from our worldwide database now!

Analyze buildings, construction markets, regions and competitors

- 450,000 buildings from a wide range of categories such as residential, office, retail, hospitality and many more
- Choose from a broad range of regional data packages – or create your own
- Powerful and fast search for in-depth analysis
- Detailed search queries in over 50 data fields, e.g. filter by location, size, status, building usage and construction types
- Generate customized lists of construction projects and involved companies

Generate leads and explore new business opportunities

- Get contact information for over 160,000 companies
- Search for companies related to specific construction projects or generate lists according to particular fields of activity
- Find new clients and business partners or connect with key players in new markets
- Forecast trends and future market growth
- Spend less time researching, and more time doing business

Keep up to date and ahead of your competitors

- Get constantly-reviewed data from around the globe
- 24/7 access to the database from anywhere in the world
- View detailed information about existing buildings as well as those planned and under construction
- Save your searches for easy future reference
- Receive email notifications about new content fitting your criteria

Download data and put it to work

- Export information easily to CSV/Excel files
- Individually select data fields for your specific needs
- Integrate the data into your own internal system
- Provide your staff with actionable data
- Benefit from limitless downloads within your chosen package
